1 Route Guidance deve essere utilizzata solo a scopo di pianificazione e non sostituisce le operazioni di navigazione in sicurezza.

2 Usa SonarChart Live nel plotter (P) o sul Mobile attraverso la tecnologia wireless integrata (W), il Modulo GoFree WiFi-1 (G), o il SonarServer di Digital Yacht (S).

3 Non è necessario un abbonamento; occorre invece installare l'ultima versione del firmware.

4 Compatibilità con la Platinum limitata. Verificare col produttore.

5 Le sovrapposizioni includono Relief Shading ad alta risoluzione, Immagini satellitari e Sonar Imagery (disponibile solo in alcuni laghi degli Stati Uniti).
